

Most Heat from Fuel

One reason why the Kootenay Range gives the most use of the heat generated from the fuel, is that the grate has ample vents to make perfect combustion in the firebox, which is properly and scientifically proportioned according to the needs of the range.

Years and Years of Glorious Music

The New Edison Diamond Amberola is a marvelous invention, even for a genius like Thomas A. Edison. So perfect is its construction and mechanism, that it will give you years and years of exquisite pleasure without the bother and expense of providing and changing metal needles.

The NEW EDISON DIAMOND AMBEROLA

has a diamond reproducer point that never wears out. And the AMBEROL RECORDS—almost unbreakable and nearly unbreakable—have been played 3,000 times in laboratory tests without showing noticeable signs of wear.

How To Have Them, Free.

We want to put you in a position where you can decide that the entertainment, education and instruction your entire family would receive, from this almost human instrument, are worth many times the cost of the Amberola. Simply ask us to send you an Amberola and a choice selection of Records. Play them in your own home, over and over again, and then if you decide to keep the outfit, we will arrange terms if you like. If you do not care to keep the outfit, simply notify us and we will send for it. That's all.

We have been frequently asked during the last few days what will be the effect of the epidemic upon the Victory Loan campaign.

At first sight, the abandonment of all the elaborate plans which had been formed for the purpose of bringing the necessity of its complete success home to the people, would seem to indicate that the epidemic must result in a largely decreased subscription to the loan, but it will be interesting to notice, just how much value these elaborate publicity schemes have, when the purpose of them is to advertise to the public at large such a sterling investment from every point of view, as is offered in the Victory Loan of 1918.

It is a notorious and regrettable fact that the average man will fall quickly for a false scheme when he refuses to listen to an absolutely genuine business proposition, but as far as the Victory Loan is concerned we doubt very much whether there is one man in a thousand who can keep his head cool, or value his money anyway, that will neglect to take as large an allotment of Victory Bonds as possible, for the experience of every person who bought bonds last year has taught them the actual investment value of the proposition.

There is positively no investment in the world today so remunerative with less worry than Victory Bonds; they have farming or stock raising beaten to a frazzle in a center, for it must always be remembered that upon Canada's ability to meet her war expenditures and advance money to Great Britain for her purchases in Canada (which amount to considerably over a hundred million dollars) depends the prosperity of the whole country.

Every nickel that is subscribed to the Victory Loan is spent in Canada, building up our industries and maintaining the general prosperity of the people.

But supposing the people do not subscribe for the loan and, instead, put their money into farming and stockraising; what happens?

Why Canada is not able to purchase for Great Britain the surplus wheat and beef, she cannot afford to do more than supply her own war needs; her extensive shipbuilding programme would be abandoned and her war efforts overseas would slacken in direct proportion to the failure.

And then where would the price of wheat and beef go, where would the wage fall to; where would our workers find employment; in short what would become of our Canadian prosperity?

The answer is obvious! But the Victory Loan is not going to fail simply because, we are not permitted to hold rallies, and have processions, with flag waving and all the surface indications of enthusiasm. Canada's enthusiasm lies deeper than that and her understanding of the necessity lies deeper yet.

We are convinced that practically every citizen will, before the campaign is over, voluntarily take as great a share of the Victory Loan as his resources of cash and credit will permit, and we base our opinion upon the foundation that they know a good thing when they see it.

For the Victory Loan of 1918 is a good thing from every standpoint; practical, patriotic, or unbusinesslike, and by this time very few people indeed are ignorant of the fact.

It is such a good thing for the country and the individual citizen generally, that we would urge every one to first of all persuade himself and then persuade everyone else to subscribe, for in this particular respect we cannot too much of such a good thing.

The business men of Bassano are to be congratulated for their patriotism in donating the accom-

OFFICIAL PROSPECTUS

The proceeds of this loan will be used for War purposes only, and will be spent wholly in Canada.

Victory Loan 1918

\$300,000,000. 5 1/2% Gold Bonds

Bearing interest from November 1st, 1918, and offered in two portions, the choice of which is optional with the subscriber as follows:
5 years, bearing the November 1st, 1923
15 years, bearing the November 1st, 1933
Bonds may be purchased at a premium or at par or at a discount, at any of the above-mentioned offices.
Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.
Principal and interest payable in Gold.
Denominations: \$10, \$50, \$100 and \$1,000.

Issue Price: 100 and Accrued Interest

Income Return 5 1/2% per Annum

Free from taxes—including any income tax imposed in pursuance of legislation enacted by the Parliament of Canada.
The proceeds of the loan will be used for war purposes only, including the purchase of grain, foodstuffs, munitions and other supplies, and will be spent wholly in Canada.

Payment of 100 will be made as follows:
10% on application 20 January 1919
20% on December 31, 1918 20 February 1919
20% on March 31, 1919 20 March 1919

The last payment of \$1,000 will be made on May 1st, 1933, balance of principal and 1.50% representing accrued interest at 5 1/2% from November 1st, 1918, to May 1st, 1933.

A full last year's interest will be paid on May 1st, 1919, making the cost of the bonds 100 and interest.
The interest on the bonds will be paid in full at the time of application at 100 without interest, or on any instalment due thereafter together with accrued interest at the rate of 5 1/2% per annum, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The interest of this loan is 5 1/2% on the amount of \$100 paid for the bond for the remainder of the term of the loan. The Minister of Finance, however, reserves the right to alter the whole or any part of the amount subscribed in cases of emergency.

Conversion Privileges

Bonds of this issue will, in the event of future issues of the treasury, or loans made by the Government, during the remainder of the term of the loan, be convertible at 100 and accrued interest, at the option of the holder for the purpose of subscription to such issues.

Payments

All cheques, drafts, etc., payable to the order of the Minister of Finance, or to any other person, may be made payable to the order of the Minister of Finance, and the amount to be received by the holder of the bonds may be paid in full at the time of application at 100 without interest, or on any instalment due thereafter together with accrued interest at the rate of 5 1/2% per annum, and both principal and interest are a charge upon the Consolidated Revenue Fund.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due thereafter together with accrued interest at the rate of 5 1/2% per annum, and both principal and interest are a charge upon the Consolidated Revenue Fund.

Denomination and Registration

Bonds, with coupons, will be issued in denominations of \$10, \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1919.

Payment of Interest

A full last year's interest at the rate of 5 1/2% per annum will be paid May 1st, 1919.

Form of Bond and Delivery

Bonds may be taken up at their application, and the amount to be received by the holder of the bonds may be paid in full at the time of application at 100 without interest, or on any instalment due thereafter together with accrued interest at the rate of 5 1/2% per annum, and both principal and interest are a charge upon the Consolidated Revenue Fund.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert them into bonds with coupons, and holders of bonds with coupons will have the right to convert them into bonds without coupons, at any time on application to the Minister of Finance or any Assistant Registrar General.

Forms of application may be obtained from any Official Receiver, from any Official Receiver, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 16th, 1918

Behind the Gun the Man - Behind the Man the Dollar

Make Your Dollars Fight the Hun

Duke of Devonshire Acts Quickly

His Excellency the Duke of Devonshire was a share of Canada's Second Victory Loan. The following letter explains why!

Ottawa, October, 1918.

My Dear Sir Thomas,
I shall be glad if you will again include my name in the first list of subscribers to the Victory Loan of 1918.

This loan is an item of the utmost national importance in connection with Canada's continued effective prosecution of the war, and the establishment of Imperial credit for the purchase of food, steel, munitions and other supplies urgently required by Great Britain and the Allies.

I have every confidence that the patriotism of the Canadian people which has so nobly sustained every duty and obligation imposed by the war will again respond to the appeal and the Victory Loan of 1918 will be even a more striking and notable success than that of last year.

Believe me, my dear Sir Thomas,
Yours very truly,
D. DEVONSHIRE

The Duke doesn't say anything about the good investment he makes by putting his money into Victory Bonds. But a fact nevertheless.

Managing and succeeding advertising agencies are now open for business, and by their support of this cause do they deserve the support of our people.

Whip The Kaiser with Victory Bonds

Buy an Irrigated Farm

From the Canadian Pacific Railway.

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but EVERY YEAR.
Irrigation makes possible the successful culture of alfalfa, the "King of all feeds" which insures good returns in dairying and mixed farming.
Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.
Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year that it has been tried has absolutely demonstrated its success wherever intelligently applied.
This is the most liberal offer of irrigated farm land on record.

For full particulars, apply to
Allan Cameron, General Supt. of Lands
Canadian Pacific Railway, Department of Natural Resources
200 First Street East, Calgary, Alberta.

Victory Comes High, BUT-- We Must Have It!

THIS is no time to count the cost of Victory when thousands of our own Canadians are charging, full speed ahead, with the Huns on the run.

This is no time for loyal Canadians to stop and consider the terrible price in blood and tears, this war has already cost the world.

When, "Over There," the word goes forth to CHARGE, every man is on his toes--straining every muscle--eyes front--head up--bayonet fixed--to sweep the German hordes back out of Belgium--out of France--out of France--back, ever back--until they throw up their hands, and with "Kamerad! Kamerad!" on their lips, they offer a complete and abject surrender.

Here, in Canada, when the call comes to "LEND," let us all be worthy of the gallant boys who have given up home, and comfort and even life itself, that the Victory might be won for the cause of the Allies.

We, at home, must furnish the funds that will keep the victorious Canadian troops supplied with food and clothing--with guns and ammunition--with tanks and shells and airplanes.

VICTORY is within our grasp. Continue the great offensive and the War will be won.

EVERY DOLLAR you have, or can borrow, is needed to bring the boys back VICTORIOUS.

CANADA NEEDS your MONEY but Canada is willing to pay liberally for the use of it.

EVERY DOLLAR INVESTED in Victory Bonds will be returned to you with interest.

BUY VICTORY BONDS.

Facts About the Victory Loan

Details of Price and Payments Explained—Southern Alberta Executive Makes Appeal

Five hundred million dollars is the amount required to be raised by the Canadian government to carry on Canada's part in the prosecution of the war. The minimum amount which the minister of finance asks for is \$300,000,000. The larger amount will be raised if possible.

There are no 25-year bonds in this issue. 15- and 10-year bonds will be available in the new loan.

The selling campaign for the new loan will begin Monday, October 28, and will continue until Saturday, November 18.

The details of the issue follow: Through the prospectus of the 5th Canadian war loan—the Victory Loan of 1918—the Dominion of Canada will ask for a minimum amount of \$100,000,000 with the right to ... 75 all or any part of subscription in excess of that sum, to be used for war purposes only and to be spent wholly in Canada. The rate of interest will be 4 1/2 per cent per annum, payable May 1 and November 1 and the denomination \$10, \$100, \$1,000 and \$10,000. The loan will be offered in two instalments—5-year bonds due November 1, 1923 and 15-year bonds due November 1, 1933.

The issue price will be 100 and accrued interest for both instalments making the income return 4 1/2 per cent per annum. Provision is made for payment in five instalments as follows: Ten per cent on application; 25 per cent on December 8, 1918; 25 per cent on January 6, 1919; 25 per cent on February 3, 1919; 25 per cent on March 3, 1919. The last payment of 25 per cent on November 1, 1919, representing accrued interest and 1 1/2 per cent of the principal from November 1 to date of the respective instalment.

As a full half year's interest will be paid on May 1, 1919, the cost of the bonds will be 100 and interest. Price of bonds: The 1918 Victory bonds are issued at 100 per cent and are placed on the market at 95 per cent. This means that the cost of an application period, November 1, and if payments are made by instalments, the applicant has to pay the small sum of "accrued" interest along with the final instalment. This amounts to 4 1/2 cents on a \$10 bond and 4 1/2 cents on a \$100 bond. If the applicant pays his instalment on the due date stated in the prospectus, the cost of the subscription certificate just issued, a five bond costs \$100 and a \$100 bond costs \$100.

A five bond holder will receive a 4 1/2 per cent interest at 8 1/2 per cent. A \$100 bond holder will receive \$27 1/2 interest on \$100. The interest will be paid just the same as on a 4 1/2 per cent bond, and to put all buyers on the same footing there will be no difference in the interest on the two instalments.

On the same footing there will be no difference in the interest on the two instalments. The small difference in interest of 1/2 per cent on a \$10 bond and 1 1/2 per cent on a \$100 bond to their final instalment. In the case of bonds paid by instalments the due dates and amounts of the instalments would be:

To the People of Southern Alberta Our country is about to make another issue of Victory Bonds. Last year's issue has amply proved the benefit to the country and to each individual bondholder.

The enormously increased volume of business that has come to Canada has been profitably carried through out of the un-finished business of every single one of our citizens. The money which has been raised in last year's issue has thoroughly anticipated the benefit of their investment.

Southern Alberta did well last year thanks to your loyal response to the call of money which was paid for services at the disposal of our various Victory Loan organizations. The money which was paid for services at the disposal of our various Victory Loan organizations. The money which was paid for services at the disposal of our various Victory Loan organizations.

Every citizen can help. It is only the courteous and prompt answer given to the canvasser who is charged with the duty of taking the application. Each canvasser has very responsible duties to perform, and it should be your endeavor to assist him. Place your application with him, and not through your bank. The banks will have enough to do in other ways and it will serve the country's purpose best if we all work with the canvasser.

Each canvasser has very responsible duties to perform, and it should be your endeavor to assist him. Place your application with him, and not through your bank. The banks will have enough to do in other ways and it will serve the country's purpose best if we all work with the canvasser.

Although Germany is beaten there may be quite a little way to travel yet before our feet could feel common people of Germany fully discover that they mistake a mere-made machine for their own human soul.

If the answer to their request for an armistice be "See Foch," let your answer to your country's request now be "If you want money—See Me!"

G. T. MARNON, Vice Chairman Southern Alberta Executive Victory Loan 1918

A Victory Loan Catechism

Q. What is the Victory Loan, 1918?
A. It is Canada's second Victory Loan and fifth war loan.

Q. What is a victory bond?
A. It is the promise of the Dominion of Canada to repay the lender the sum named upon it at the time stated.

Q. What security stands behind this bond?
A. The entire assets and wealth of the Dominion of Canada.

Q. When was the last Victory Loan raised?
A. In November, 1917, when \$200,000,000 was subscribed.

Q. What was that money for?
A. It has been used to prosecute Canada's part in the war and to finance and carry on great industries at home.

Q. For example? A. Millions were spent in re-arming, equipping and sending forth the Canadian reinforcements.

Q. How was the money spent at home?
A. In many ways. The British Government was given large credits and out of these great orders were placed in Canada for munitions, wheat, spruce, salmon, and other things needed by the army.

Q. Why did Great Britain need these advances from Canada?
A. They were needed to offset Britain's advances to Canada in any expense overseas.

Q. How does the loan affect the people of Canada?
A. Without it our war effort would collapse, our industries would suffer a great breakdown, our manufacturers and farmers alike would lose their foreign market.

Q. What has the loan done for the farmer?
A. It has bought the greater part of the wheat crop, and provided a market at good prices for his dairy and animal products.

Q. What would have happened to these products without the loan?
A. Most of the wheat would have been unsold, the price would have been greatly reduced, and the cheese and bacon would have been a drag in the market.

Q. How has the loan established any new industries?
A. It has revived ship-building and created new and bustling shipyards on the shores of the St. Lawrence and the Great Lakes. It has brought into being great plants for the making of aircraft.

Q. What do these mean to the country?
A. The employment of thousands of well-paid men and women and their development into highly skilled workers.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 10 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only money received through Canada's loans. Canada thus was enabled to Allies in their purchases here by extending financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for—

Dutter	\$ 2,000,000
Cheese	36,602,000
Eggs	2,271,000
Oats	37,644,000
Wheat	366,341,000
Flour	95,896,000
Meats	76,729,000
Vegetables	19,034,000

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:

Munitions	\$450,000,000
Metals	92,083,000
Vehicles	22,776,000
Wood Pulp and Paper	59,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was \$347,762,000.

And the bulk of all the money, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war-ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.

Get Ready Now to Buy Victory Bonds

Issued by Canada's Victory Loan Committee in Co-operation with the Minister of Finance of the Dominion of Canada.

A Business Proposition!

CANADA looks to YOU for help in making this great Victory Loan a success.

Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world

Canada has come to YOU—her citizens—with a straight business proposition.

That proposition in a nutshell is this:

"I need Three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5½ per cent. interest, payable half-yearly, and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for.
The payments are as follows:

10 per cent on application.
20 per cent December 6th, 1918.
20 per cent January 6th, 1919
20 per cent February 6th, 1919
31.16 per cent March 6th, 1919

Local and Personal.

Mass will be said in Convent and Bassano on the 2nd Sunday of November instead of the first Sunday as usual.

If there is one thing worse than having the Spanish "Flu" it is not having Victory Bonds.

The thanks of the community are due to those people, who having suffered from the epidemic and are able to walk round again, are considerate enough to refrain from coughing, sneezing or spitting in public places.

The Board of Health, having completed its survey of the town and district, with, we hope good results, we would suggest that a visit by the Fire Dept., to the back of several of the stores might be next in order.

Bassano, together with the other towns in his district, is sorry to lose the courteous and highly-efficient services of Supt. Cotterell of the C.P.R. At the same time we extend to him our congratulations on his well deserved promotion to Vancouver.

Clas. Wilson leaves today to join up with the depot location in Calgary. He carries with him the best wishes of his many friends for a safe and speedy return.

D. S. Wigmore, having rusticated during the summer at Leithbridge, returned to Bassano on Friday to resume his old position as night-operator, etc., especially the latter.

Mayor Bredin, and Coun. Playfair visited Majorville this week for the purpose of securing signers to the petition for the establishment of a Hospital District. We understand they were only partially successful.

It is somewhat difficult to understand opposition, either active or passive to such a scheme as the Municipal Hospital for it is surely an object to be eagerly sought after, the locating of an up-to-date and fully equipped hospital which is directly governed by the people themselves. Think it over people: there is nothing more important than the proper care of your sick.

W. J. Hampson has been transferred to the Rockyford branch of the Bank of Commerce. "Hamp" will be greatly missed in musical, political and feminine circles, to say nothing of the debating society of Est's emporium.

Steve Oelrich, who possesses a greater vocabulary than Dan Webster ever dreamed of, has recently sold his farm to Martin Olson, and is disposing of his stock and implements on Nov. 12th.

All Red Cross Work should be handed in to Mrs. Murdoch on Saturday morning, to be included in the next shipment.

We regret to record the death of War Veteran Pte. D. Johnston, which occurred on Tuesday last. We understand that the Veterans will conduct the funeral which is to take place tomorrow.

There is an epidemic of rumors concerning an epidemic of marriages which is to spread shortly among the eligibles in town. Our namesake appears quite prominently in the list while there is evidence that the trips taken by Rev. Pate and contemplated by Chief McEater are not mere pleasure jaunts. So far, Bob McLean's name is not on the rumor roll, but spring is coming and you never can tell!

See FOTTER THE PAINTER about that room you are going to fix up.

Society Brand Clothes

STYLE HEADQUARTERS
Where Society Brand Clothes are sold

Don't Envy A Prosperous Looking Man—Be One

JUST as ambition opens the gateway to opportunity, proper attention to your clothes and general appearance is a passport to a higher position in life and assists in achievement by inspiring the confidence of others in you.

In shaping a successful career you can't make a better investment than in buying

Society Brand Clothes

They give you poise and personality—they can't change your character, but they can reflect the character of your tastes.

Clothes like these make other men welcome your society.

It is wasteful to pay less for an overcoat or suit that will turn out to be a liability. Society Brand Clothes are an asset. And as for wear, there's nothing that will last you longer or make you look so prosperous.

The label identifies every Society Brand garment. It's the maker's pledge of satisfaction.
